

Friendship Stars

54" x 60"

This kit includes:

30 @ 6.5" squares Color 1

10 @ 6.5" squares Color 2

10 @ 6.5" squares Color 3

49 @ 6.5" half square triangle Color 2

49 @ 6.5" half square triangle Color 3

This is a planned scrap quilt consisting of 3 colors. Colors 2 and 3 make the stars, Color 1 is the background. Use the 49 triangles of Color 2 and Color 3 to make 49 Half Square Triangle units. Press the seam to the dark side.

Lay out the quilt as shown, turning the half square triangle units so that one side matches the coordinating square to form alternating stars. If you lay out the second row first, alternating the half square triangle units with the Color 2 and 3 @ 6.5" squares, you may be able to see the pattern better. Row should be 9 units across. Quilt should be laid out in a 9 x 11 grid.

Once you have the quilt pieced, run a stitching line around the outside edge to keep the seams from popping open.
