

Scrappy Squares

This kit contains one of the following:

280 tiles @ 3 1/2", set 14 x 20. Finished size is approximately 42" x 60".

120 tiles @ 5" set 10 x 12. Finished size is approximately 45" x 54".

80 tiles @ 6 1/2", set 8 x 10. Finished size is approximately 48" x 60".

80 tiles @ 8 1/2", set 8 x 10. Finished size is approximately 64" x 80".

48 tiles @ 10 1/2", set 6 x 8. Finished size is approximately 60" x 80".

This kit is completely scrappy. Lay out the enclosed squares in a pattern or sew them together as is.

There may be special blocks included, such as applique blocks, pieced blocks, or fussy cut novelty prints. Distribute them throughout the quilt as desired. Appliques will need to be stitched down. Pieced blocks may need to be framed to bring them up to the size of the other squares.

Have fun sewing these pieces together. Add your own fabric or orphan blocks if you want to. Add a border if you think it needs it. Use another pattern if you like that one better. This is the starting point for your imagination.

What will you create?

Thanks for piecing a Charity Central quilt.
