

# Conquering Basic Curves with Confidence

with  
Heather Black

## Class Description

Are you ready to conquer curve piecing and make a fun table runner in the process? In the Conquering Basic Curves with Confidence workshop, we'll go over the basics of curve piecing from making templates to basting techniques and sewing curves. After completing your first tulip you'll know how to piece both quarter circles and orange peel blocks, techniques you'll be able to use for any curve including a double wedding ring design.

Anyone can curve piece and whether you've never pieced a curve before or you just want to get some practice in, there will be some good tips and tricks to help you conquer curves for good.
