
Binding Perfection Workshop

Student Supply List

Sue Heinz

This workshop focuses on sewing a show-quality, ¼" binding - a 'you've-got-to-see-it-to-believe-it' technique that doesn't rely on any pins, clips, math or gadgets to achieve perfection! At the end of the workshop, Sue will demonstrate some fun, simple-to-stunning ideas that will take your newly found binding skills to the next level.

Please bring:

- Bring a iron (travel-sized preferred) and a small, firm ironing pad.
- Standard sewing supplies (seam ripper, scissors, etc.) Thread and a sewing machine will be provided!
- One 4 oz. bottle of Elmer brand, WHITE, Washable, School glue. Please do not bring any other brand, size or color!
- If you own them, bring two removable marking notions - one that can be seen on light and one that can be seen on dark fabrics.
- Note paper, pen, and a pencil.

Required Kit fee: \$20. Kit includes a pre-cut quilted and squared quilt sandwich, binding strips, an Elmer Bottle and Tip Set, and handouts.

Note: \$5 will be discounted from the kit fee if you already own Sue's Elmer Bottle and Tip Set, and bring it to class.
