President's Message July 2018

My name is Kathleen Woods and I am the interim President for WSQ. Sue Otis, the current President, has decided to step down and join her family in Minnesota. We wish Sue the best of luck with her move and with her family. Family always comes first; WSQ will carry on. I was previously President of WSQ in 2012-2013. It is a pleasure and a privilege to be returning to serve again.

I returned from a six week visit to my family in upstate NY to plunge into board meetings and to get up to speed on what has been happening with the board in the six months that I managed to be off it. There was a lot of familiar stuff going on and the same discussion of how do we get more help. There were some new faces and some new points of view. The thing I love most about being on the Board is all the points of view that are presented. They always make me stop and consider things I had not thought of before. We are so much stronger together than we are separately. During the ongoing discussion on getting more help, the usual points of view were expressed but then there were some new ones. We are always in need of a fresh perspective and those that were presented really got me thinking. So much so that I would like to propose a few changes to the way things have always been done.

It was stated that our problem is not so much a volunteer problem as it is a succession problem. We cannot get anyone to succeed to a chairmanship on a committee that they know nothing about. We cannot get anyone to take over an Executive Board position (the five elected spots) if they have not had Board experience already. We need to grow our committees in order to grow our volunteer base. If people know what is involved in the task at hand, they will be more likely to take over if needed. Therefore, I am asking the WSQ Board Committee Chairmen to become Committee Chairmen in fact as well as in name. I think that the Board has gotten complacent about the way things have always been done and it is so much easier to do the job yourself than to teach someone else what to do and trust that they will do it. It's like teaching your kids to do chores. You may have to go around and clean up after them but eventually they figure it out and become a prouder and happier part of the family. I have asked the Board to go through their job descriptions and figure out which jobs they can have someone else do. I have asked them to form actual committees of three or more people to complete the tasks required. I have asked them to groom their own replacements and to plan their own obsolescence. I have issued badges so that the Board members are easily identifiable and asked that they introduce themselves to the membership and ask for help with their jobs.

Now I have things to ask of you, the Membership. I ask that you forgive any slights, snubs, or other hurts that you may have received from any committee that you have tried to join or left. I ask that you forgive the lack of follow up when you were eager to help and no one seemed to want you. I ask that you forgive your fellow members when they weren't as welcoming as they might have been. I ask that you fill out a volunteer profile form and try us again. We are only human and fallible. There will probably be hurts again but we are trying to be better. We are trying to make this a stronger and more vibrant organization. I ask that you go up to the committee chairman wearing a badge and introduce yourself and ask how you can help. We are trying to come up with jobs that everyone that wants to can do, from those who can make phone calls, to those who are only here part of the time, to those that want to jump right in and start something new.

There are several Board positions that will be opening up by the year's end. I ask that if you are interested in helping with something, that you find out what it takes to chair it. Board members attend 5 Board meetings a year, as well as the 4 General Membership meetings, both day and evening meetings. I would like all the committees represented at these meetings, not necessarily the chairman but someone knowledgeable about that committee. They will recruit members to help on their committees so that the work is spread out. Many hands make light work and new friends are fun. If you have any suggestions on any aspect of WSQ there is a suggestion box at the meeting for your use or send us an email. We remember things better when they are written down and not lost in the chaos and excitement of the meeting. I hope you will give us a try. I look forward to hearing from all of you.

Workshops Registration 2018

Friday Class—Lone Starburst

6-hour class / Intermediate level

Kimberly's most popular class; this one sells out wherever she teaches it! All it takes are 40 – 2½” strips from a purchased pre-cut bundle or strips cut from your own stash, plus one background fabric and the diamond design possibilities are practically endless! Kimberly will teach you how to strip-piece and cut diamond building blocks from strips using her EZ Jelly Roll Ruler with no “Y” or set-in seams. You'll design your own unique Lone Starburst variation quilt! The first part of the class focuses on accurate and efficient cutting and piecing of the diamond units and the latter part of the class will focus on design elements and the almost limitless possibilities for designing your own layout using your diamond units. The real magic comes from the fact that the quilt is assembled with straight-set blocks, not diamond wedges or blocks on point. This is an eye-opening class for anyone who wants to create a one-of-a-kind quilt with a Lonestar twist!

Saturday Class—Mystery Quilt!

6-hour class / Skilled beginner – intermediate level

Do you love to make mystery quilts? Or does the thought of choosing fabrics and making a quilt for which you have no idea what the end result will be scare you? Fear not! Whether you are a seasoned veteran and you enjoy the intrigue and suspense of not knowing the final outcome or if you have never had the courage to tackle making a mystery quilt before, Kimberly's ultra-popular mystery quilt classes and patterns are perfect for you! She has designed the entire process to be simple, fun, and stress-free so you can take as much risk as you like with your fabric selections or risk nothing at all. Step out of your “color comfort zone” and try something new. The rule of thumb is this: if your fabrics have good contrast, look great when lined up together, and match the values given in the fabric requirements table, then they'll look beautiful when sewn together. These classes are suitable for any quilter with some rotary cutting and machine piecing experience and guaranteed to be fabulous and fun!

Ruby Jubilee 40th Annual WSQ Quilt Show

October 19-21, 2018

It's that time of year! The quilt show will take place in three short months. We have reached our first 100 entrants. I'm excited to see what the pins look like! We have received most of the entries online. Thanks to all who have registered their quilts online, it is a big help. We have many returning vendors as well as some new vendors for your shopping pleasure. Our dedicated vendors return to our show every year because we do such a great job of supporting them. Let's keep it up!

New this year, we will have a Cherrywood exhibit. This will take the place of the Hoffman Challenge exhibit. It will be a larger display and some new eye candy. This is the Van Gogh exhibit for those of you that would like to look at it online.

You will have the opportunity to have your quilt judged by a professional judge again this year. There is a \$10 fee and like last year, the quilt will be hanging in its appropriate category. Moving the boutique to a larger area last year was a great success. We plan to keep it in the same space this year. If you are interested in selling your quilt related items at this year's show there will be consignment forms available at the July general meeting or you can contact Jo-Ann Sandstrom at ja.sandstrom@yahoo.com.

Our quilt show is a collaboration of hundreds of volunteers. There will be many opportunities for you to **sign up at the July meeting**. Please think about how you can help. It takes over 300 volunteers to put on a show of this magnitude. When you volunteer you get free entry into the show!

We are excited to announce that we will once again be hosting "Quilts of Valor" The mission of their organization is to cover all combat service members and veterans touched by war with comforting and healing Quilts of Valor. For more information on how you can help, visit their website at www.qovf.org

You can help to advertise the show by liking WSQ on Facebook and sharing our posts. Let's all work together to make sure this year's show is a success.

The next quilt show planning meeting is at Centerplace at 6pm on August 13th. Everyone is welcome to attend.

Board Positions Opening July 2018

The following Board Positions will be opening by year's end. Now would be a good time to get to know what they are all about. I hope you will consider filling one of these vacancies. We look forward to working with you next year!

Historian has been open for a year. **Newsletter, Fundraising, Block Exchange, Yard Sale, and Small Group Coordinator** will all be opening by the end of the year. I hope that you will consider taking on one of these positions and making it your own. I am asking that each Board chairman form a committee of three or more to help spread the load and ensure future smooth transitions. Any of these positions could be taken over by a small group but one person's name will have to go on the roster and be considered the chairman. Thanks for considering volunteering for WSQ!

WSQ membership runs on a calendar year, that means from January 1 to December 31. What does this mean to you?

- Everyone who is a member now needs to renew membership to keep enjoying the benefits of belonging to WSQ. You can do this beginning with the September meeting through the end of February (a little grace period).
- You can renew at September or January's meetings (or even in July, if you sadly let your membership lapse) or send your \$25 to me in the mail (Membership Registration form above or visit our web site for address and details).
- If you haven't renewed by the end of February, you will be dropped from our roster. Practically, this means you won't receive April's newsletter, be able to participate in the yard sale, be able to register early for workshops, or enjoy the many benefits of being a WSQ member.

Even if you became a member in March, April, May, June, etc. you have to renew by the end of February in the following year.

Quilting Bee Donations

We would appreciate any **quilting** related donation from your sewing rooms. We ask that your donations are items in good condition and if donating fabric, that the pieces be at least a fat quarter. We all love fabric, but templates, books, patterns, marking tools, etc. are welcomed! We repurpose many of these items for some of our door prizes. Thank you for your support and willingness to donate, we couldn't do it without your help.

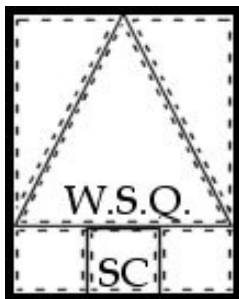

Fat Quarter Exchange **August 11, 2018**

The theme for the fat quarter exchange is "Bee's Among the Sunflowers. Please bring two fat quarters of either greens, golds, or browns for the exchange. One name will be drawn for all the FQ's unless there is an abundance of FQ's then two names will be drawn. We are open to any suggestions you may have regarding the exchange activities.
