

## WOOL APPLIQUE PIN CUSHION

I love all things Sue Spargo and have a passion for wool applique. This cute project is the perfect way to learn wool appliqué and a variety of easy embroidery stitches to enhance your project.

This 3-hour class will be the beginning of your love of wool applique. You will learn;

- Basic wool applique techniques, including how to attach your applique to the background,
- Both easy and complicated (but easily mastered) embroidery stitches to add texture and interest to your cute little bird,
- And finally, how to finish your project

This is a hand applique class and will require the purchase of the kit.

### **Supply List:**

- The class kit - \$30
- Good embroidery scissors
- Paper scissors to cut freezer paper
- A small bit of freezer paper (some will be available in the classroom)
- Several needles including a 24 Chenille needle, a #3 milliners' needle and a basic embroidery needle
- Threads for the embroidery. This does not come in the kit, but some will be available for use in the class or you can purchase the thread kit. You can also bring your own embroidery thread as well, including Valdani thread, DMC perle cotton (I prefer 12 weight), or Cosmo or DMC embroidery thread. I will provide a thread conversion that closely matches Sue's threads.
- Regular sewing thread – one spool but one matching the teal blue color.
- Applique pins and/or Roxanne's glue or Elmer's School Glue
- Ruler, rotary cutter and small mat. (This will also be available in the classroom).
- Paper & Pencil for notes and tracing.

Irons will be provided in the class room. No outside irons are allowed.
